

den Atelier

The idea to start up a live music club in Luxembourg formed in the beginning of the 90's and eventually, the right location was found: a former Renault truck garage in the lively Luxembourg City suburb of Hollerich.

In 1995, the former workshop ("atelier" in French) underwent a complete restoration. "Den Atelier" opened its doors in October 1995 and turned out to be a huge success until this day.

The venue with its large multipurpose hall is fully equipped and can be hired for all kinds of events.

It is especially suited for concerts, shows and corporate parties.

It can hold up to 250 people in theatre setup and up to 1000 people for receptions, parties or music events.
