

Casino 2000

With the inauguration of its new event location CHAPITO, the CASINO 2000 in Mondorf-les-Bains provides its hometown and the Grand Duchy with a unique address for event organisation.

According to the market demands, CHAPITO has been created in a modern and timeless design and decoration, to provide a unique centre that is fully equipped with the highest standard technology and can entirely be modulated to fit the individual needs of each event.

The technical equipment has been fitted to match the expectations set in the project. A “Meyer Sound” surround sound system, a 6m screen and the latest LED light technology allowing all kinds of different colour moods have been installed to make CHAPITO a one-of-a-kind product.

Last but not least, let us not forget to mention the Gallery: 500 m² of modern space for expositions, with direct access to main event room and the adjacent terraces.
