

# Centre des Arts Pluriels d'Ettelbruck

The Centre des Arts Pluriels d'Ettelbruck is an acknowledged actor in Luxembourg's cultural life.

Its activities can be divided into two distinct lines of programming: the largest part of the cultural programme is composed of productions and co-productions of the CAPE itself and presents the classic forms of the major art disciplines, as well as contemporary art forms.

The smaller part of the programme is put together and performed by local associations.

Both concert halls (Grande Salle, Petite Salle) as well as the 400 m2 large foyer of the CAPE can be hired, provided the timing does not interfere with the cultural programme.

Due to their architectural properties and modern technical equipment, the halls are well suited for meetings, conferences and festivities of all kinds.
